

DEVON HILLS COMMUNITY EMERGENCY PLAN

EMERGENCY ALERTS is a national telephone-based emergency warning system used to warn the public in the event of a major emergency situation, including bushfires.

EMERGENCY WARNINGS may be sent by Emergency Services as recorded voice messages to fixed telephones or as SMS text messages to mobile phones of people situated in affected areas.

Fire Alerts are provided by Tasmania Fire Services through its web site www.fire.tas.gov.au and ABC Radio on 91.7 fm.

In the case of an emergency, or a fire travelling from the direction of the Midlands Highway towards Devon Hills and an **EMERGENCY WARNING** has been issued to residents of Devon Hills to evacuate the area, an **EVACUATION PLAN** has been prepared through **Woodville Estate Reserve**.

To gain access to the evacuation route residents would have to travel along Devon Hills Road to the entrance of Woodville Estate Reserve. The Reserve Gate is situated between Numbers 64 and 66 Devon Hills Road and directly opposite the rear entrance of No. 67 Devon Hills Road where they would have access to travel through the Reserve and onto Perth Mill Road.

A track runs from the entrance of the reserve, through the Reserve to the exit gate on Mill Road (opposite the old Gunns Timber Mill) and onto Perth Mill Road.

On reaching Mill Road turning right will take the driver towards Perth and turning left will take the driver towards Western Junction.

Within the Devon Hills Community there are four (4) residents who have possession of the keys to the locks on the gates situated at either end of the Woodville Estate Reserve.
