## Message from the Mayor

### Community Consultation: Future Focused Strategies

The Northern Midlands Council has developed five new draft community strategies:

- Communications and Engagement
- Arts and Culture
- Economic Development
- Health and Wellbeing Youth Strategy

Council is seeking community views on the draft strategies and suggested new projects under each which are being considered. Consultation sessions for community members to 'drop-in' and provide their thoughts on the draft strategies are to be held.

These sessions are being independently facilitated and everyone is invited to participate. If you can't make one of the sessions, go to Council's website to complete an online survey which can be found on "popular links" on the home page.

### Have Your Say: Napoleon Street Park, Perth, Landscape Concept Plan

As part of a new subdivision at Perth, Council is to develop a park adjacent to Napoleon Street. The landscaped park will include a large open space (that will also serve as a stormwater detention basin), and a park/playground area comprising picnic shelters, BBQ facility, all abilities swings, a nature play area, and a multi-play structure for a variety of age groups and challenges. Concrete paths will form a network throughout the park and will connect with adjoining streets. There is provision for the addition of a single cubicle toilet facility in the future.

The full concept plan is available for viewing on Council's website [www.northernmidlands.tas.gov.au](http://www.northernmidlands.tas.gov.au) and at the Council Offices at Longford. Feedback is welcomed, with public comment closing on Friday 2 June 2023. Please address your feedback to Council's General Manager by email to [council@nmc.tas.gov.au](mailto:council@nmc.tas.gov.au), or in writing to PO Box 156 Longford TAS 7301 or to Council by telephone 63 977 303.

## Community Consultation: Future Focused Strategies

The survey's will be available for completion until **5:00 pm on Friday 12 May**.

If you can't make one of the sessions, go to Council's website to complete an online survey which can be found on "popular links" on the home page.

**NUMBER LEGEND**

- 1 Pathway connections with adjoining streets.
- 2 Signature trees to highlight every pathway connection to adjoining streets.
- 3 Screen planting along property boundary to consist of native trees, shrubs, tussocks, and groundcovers.
- 4 Large ornamental trees within open lawn areas to provide seasonal interest and shade in summer.
- 5 1800mm (w) exposed concrete footpaths to form a network throughout the park.
- 6 Informal path along the top of the proposed detention basin mound.
- 7 Slopes greater than 1:4 shall be mass planted with native grasses due to mechanical mowing restrictions.
- 8 Planting buffer between the property boundary and pathway consisting of hardy narrow shrubs and tussocks.
- 9 Large evergreen shade trees along Napoleon Street frontage to provide shade and visual interest to the open space.
- 10 Proposed sewer and stormwater services as per engineer's drawings.
- 11 Future inclusive single cubicle toilet facility.
- 12 Picnic shelter (5 x 5m), over an accessible picnic table and coloured concrete pavement.
- 13 Shelter (4 x 2m), over an inclusive electric BBQ with two hotplates. The BBQ will be linked to the adjoining shelters with a 1500mm (w) concrete path.
- 14 1500mm (w) coloured concrete circular path to envelop the play space and to provide inclusive access to all play elements.
- 15 Five large ornamental trees to provide seasonal interest as well as shade in summer and solar access in winter. A seat will be placed under each tree to overlook the playspace.
- 16 Large Oak tree centrally placed provides a focal point as well as shade in summer and solar access in winter.
- 17 Three bay swing consisting of a basket for all abilities, toddler swing and adult swing. Earth brown coloured pour rubber soft fall provides all-weather access to the play equipment.
- 18 Large natural hardwood timber logs and free stump steppers, together with various sized stone boulders provide interpretive play and quiet play opportunities.
- 19 Surfacing within the playspace shall consist organic mulch with areas of wet pour rubber softfall to provide inclusive access to all play elements.
- 20 Multi-play structure for a variety of age groups and challenges.
- 21 Three large natural hardwood timber logs to provide interpretive play and quiet play opportunities.
- 22 1800mm (w) Exposed concrete paths connects the playspace with the network paths throughout the park.
- 23 Open lawn area for run-around space close to the playspace.

Botanical Name	Common Name	H x W
<b>Trees</b>		
Acer species	Maple	12 x 8m
Alliocrata species	Sheoak	10 x 6m
Banksia species	Banksia	8 x 5m
Betula species	Birch	10 x 6m
Eucalyptus species	Dwarf Gum Trees	5 x 5m
Oak species	Oak	15 x 15m
Pyrus species	Ornamental Pear	8 x 4m
Ulmus species	Elm	10 x 10m
Zelkova species	Zelkova	10 x 6m
<b>Shrubs</b>		
Callistemon species	Bottlebrush	4 x 3m
Correa species	Correa	1 x 2m
Leptospermum species	Tea Tree	3 x 3m
<b>Tussocks &amp; Groundcovers</b>		
Dianella species	Native Flax lily	.6 x 3m
Dielys bicolor	Spanish iris	1.4 x 1m
Grevillea species	Grevillea	.6 x 1m
Lamandra species	Sagg	1 x 1m
